Crossword

Sudoku

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

- Across**
- 1. Makes a choice
  - 5. Froster
  - 9. Swagger

## Hilbert High School hosts Vietnam veterans

By Christopher Johnson  
The Brillion News

HILBERT – Members of the Vietnam Veterans of America Chapter 351 from Appleton gave a public presentation April 24 at Hilbert High School. The school district was pleased to host the informative program that featured area veterans of the conflict interacting with students and the public while sharing their experiences. An 80-ft. display was also set up showcasing different aspects of daily life for American troops during the conflict.

“This is part of our high school history class,” Hilbert School District Administrator Tony Sweere said. “We host this every other year so kids can come in and have the opportunity to see the display up front and have an interaction with the Vietnam veterans as they

Glen Zimmerman, a Vietnam combat veteran, sits in front of the display that was brought to Hilbert High School last Thursday. In addition to the 80-foot display, Zimmerman and other veterans gave presentations to the school district's students and the public. (Christopher Johnson/BN)

give their presentation in the auditorium.”

The veterans group also feels it's significant.

“This (presentation) is something that needs to be shown,” Emcee Marty Huss, a Kaukauna native and 1st Army Air Mobile Cavalry Division veteran, said. “Very, very little of this is taught in schools. It seems students are taught about American's involvement in conflicts up to the Second World War. They forget about Korea and they forget about Vietnam, and our desert warriors are suffering the same.”

The 80-ft. display is the center of the presentation.

“We have set up the largest display of its kind on the United States. All of the equipment shown on one side has been used by U.S. troops in Vietnam, and on the other side is gear ...

## Caravel Autism Health celebrates awareness month

By David Nordby  
The Brillion News

BRILLION – Thirty staff members and 30 learners meet each day at Caravel Autism Health in Brillion, the center that specializes in Applied Behavior Analysis (ABA) to treat youth

with autism.

The center has expanded greatly in Brillion since it first opened in December 2017, then known as Connections. It's also expanded in the region.

“I never thought that we would get here,” Caravel Regional Vice President Jess Kuchenbecker

said. “We've really grown over the last year, year and a half at the (Brillion) location.”

The 30 learners come from multiple communities.

“It's gotten pretty big,” Kuchenbecker said.

April was World Autism Month, which continued into

this week for Kuchenbecker with presentations within the autism treatment industry.

“We're heavily involved in CASP (Council of Autism Service Providers), so we're doing some presentations (this week) just to share some of our findings that we found this year just to raise

more awareness on the clinical end of things that other providers can do to increase the progress that they're seeing with their own clients,” Kuchenbecker said.

Kuchenbecker says that there are weeks or months of appreciation for professions like nurses and teachers, “and although ...
