Sudoku

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Brother-sister duo both reached collegiate swimming

By David Nordby  
The Brillion News

Two Brillion natives. Both swimmers who received scholarships and reached the collegiate level. Both whose colleges away from home are in the same state.

The two also happen to be siblings - Parker and Hilary Sonnabend. The brother and sister duo have accomplished a lot competing in swimming and both of their paths took them to South Dakota.

Parker is a senior at the University of South Dakota (Division I) in Vermillion. Hilary is a freshman at Northern State University (Division II) in Aberdeen.

The two teams also happened to compete against each other at a meet earlier this season.

"It was cool to see her swimming and then her teammates supporting her and then my teammates were like, 'Oh Parker, there's your sister' ... so then it was

kind of like we had two teams cheering for each other," Parker said.

It gave Hilary a sense of comfort in her first meet against a Division I school.

"I think it just added to the experience, too, and it was kind of surreal. My brain still can't wrap around the fact that all of those things lined up perfectly and we were able to be there together and our family was there and everyone was cheering for each other," Hilary said.

Swimming careers

Swimming wasn't in the plan for either Sonnabend to start. Parker had started as a wrestler as a youth but that didn't pan out, and his dad, David, put him in swimming. Coaches in the Brillion area saw him and told him he should pursue it further.

"That got me into the valley with club swimming. That's how Hilary got into club swimming, too, is we kind of moved over to the valley with club teams," Parker said.

David started coaching Parker when he was a junior in high school.

"That's something he put me in when wrestling kind of stopped for

Parker and Hilary Sonnabend have found second homes in South Dakota. The siblings who are Brillion natives swim collegiately. Parker is a senior at the University of South Dakota. Hilary is a freshman at Northern State University. (Submitted photo)

What is ahead for Brillion in 2024?

By David Nordby  
The Brillion News

BRILLION - Brillion residents will have a lot to keep their eyes on in 2024. It should be a busy year for the city with multiple projects ahead. Here are a few things the newspaper will be keeping tabs on as the year progresses.

Wastewater Treatment Plant

The city has committed to McMahon for the design of the new wastewater treatment plant. The current facility is more than 20 years past its life expectancy and became one of the largest projects that faced Mayor Mike Smith when he took over in April.
